**AHS Members – Use the Code “AHS” when you register for \$5 off!**

This is the 90-minute LIVE QUICKSTART version of Deborah’s 4-week online “Blues: Harp-Style” course for all levels and ages. You’ll learn Swing rhythm, slap bass, 12-bar blues and how to bend notes and play a Blues scale on lever or pedal harp.

The reason it works for all ages and levels is because the Blues is so simple – and yet so rich – that you can learn the basics in 60 minutes, start jamming, and then spend a lifetime expanding your pure joy at playing one of the most expressive musical forms there is.

**“I’ve never been able to write music, but the harmonic and rhythmic structure of the blues is giving me a framework to work within and suddenly making it possible...Today I started writing a “Head-out-the-window Blues” for my hound, and I am totally cracking myself up. THIS IS SO MUCH FUN!!”**  
*Angela Biggs (current student in the online version of “Blues: Harp-Style”)*

**Bring your harp if you can!**

We’ll play throughout the workshop - so bring your harp if you can. If you can’t, you’ll still learn a lot - and you’ll have a handout to take home and work on - but if you *can* bring it, you’ll be able to try everything out right on the spot! You can arrive as early as 6:30 to get your harp in and set up.

*This workshop is co-sponsored by CAMAC Harps, The American Harp Society & The Museum of Making Music*
