SUSAN

I'm tellin' ya that the state of the world is in a  
terrible condition and that each and every one of us has  
the responsibility to go out there and do something about  
it now!

TERRY

I'm tellin' ya that the starving children of Europe have  
emigrated to every country of the world --

JULIE

--and they're still just as hungry as they were before and they're starting to get (pissed about it) (mad).

CHERIE

I'm tellin' ya that the overpopulatin on this planet has turned into a huge monster--

ADELE

--and it's even bigger than Godzilla was in any of the movies.

GEORGE

I'm tellin' ya that we could be blown sky high in the blink of an eye and things have never been as bad as they are now and you ought to do something about it right now!

SORAYA

I'm tellin' ya that this entire planet is tottering on the edge of calamity--

EUNICE

Looking into the face of doom!

JULIE

Every one of us is slowly but surely edging closer and closer and closer to the brink!

ALL OF THE ZEROS

What do ya think?

MOLLY

Whatever you do, you got your reasons,  
Whatever you say, you got your right,  
I leave it to you, whatever you do,  
But leave me out!

Whenever you want to save the planet,  
Whenever you yearn to ban the bomb,  
I'm out of your hair, I just don't care,  
So leave me out! Leave me out!

'Cause there's  
Nothing I can say, nothing I can do  
That will change what is true.  
Fix it if you can, if you got the time,  
But fore me, this'll do fine!

Whenever you thirst for social justice,  
Whenever you take the poor to lunch,  
I'm happy you care, it's your affair,  
But le-e-e-a-ve me-e-e o-o-u-u-t!

Baby, I lament that the present state of the world is  
looking mighty grim,  
Well, you can go changing the world if you choose,  
And I'll cheer if you win, my regrets if you lose!

So maybe you say the lady's jaded,  
So maybe you think I just don't care,  
Well what's it to you?

Whatever you do JUST

(MOLLY)

Leave me out!

Leave me out!

Leave me out!

Leave me out!

(ZEROS)

Join the Club!

Join the Club!

Join the Club!

Join the club!

WHATEVER YOU DO JUST

LEAVE ME OUT!

WHATEVER YOU DO, JUST

JOIN THE CLUB!
