

DIALOGUE CUE

PETE: She's coming with me!

MOLLY: Stop!

When the End Comes

Words & Music by Deborah Henson-Conant
from the Musical "Ground Zero Club"

(KEY: In the original production, this was sung in Ab, but this can also be easily transposed up to C)
(CHORDS: The written chords are correct. The chord symbol are the best I can do. Honestly, I don't know what most of the chords are - we need to get someone who can actually tell me what the correct chord symbols are. DHC 11/21/04)
